

WHAT WE OFFER AS... **CHIFVC**

The **Central Highlands Integrated Family Violence Committee** is made up of representatives from specialist family violence services and broader cross-sector organisations. CHIFVC provides leadership, advocacy and specialist expertise to strengthen, integrate and improve the family violence system and help end family violence across Victoria's Central Highlands. Find out how you can engage with the work of CHIFVC below!

MARAM Collaborative Practice Training & MARAM Alignment Support

We deliver free MARAM Collaborative Practice training to all prescribed organisations in the Central Highlands region. This training is an essential element in aligning to the MARAM Framework. The training focuses on how to contribute to risk assessment and collaborate for ongoing risk management, information sharing, referral and secondary consultation. You can access registration through [Eventbrite](#) (scan the QR code to the right). We also offer MARAM alignment briefings for your organisation, tailored to your needs.

Whether it's engaging your board, senior leadership or key team leaders in MARAM alignment, we can help support you with your alignment! [Contact us](#) to discuss.

Service Directories

We have collated a broad range of different resources and contacts on our website to help consumers find the service they require. We have a general service directory, listing available agencies for support in family violence, homelessness, counselling, support for children & young people, men's services, Aboriginal information & support, finance support and elder abuse, just to name a few. We also have a specific directory for disability support services, linking access to secondary consults, diagnostic pathways, support groups, peak bodies and training options. Head to the Resources tab on the [CHIFVC website](#) (or scan the QR code overleaf) for more information.
